**How it works:** Each shooter has 60 seconds to make 3-pt shots at FIVE designated areas (see diagram). A shooter will shoot from spot #1 and must make a legal 3-pt shot before moving to spot #2 and so forth. If a

shooter has made it all the way to spot #5 and made that shot and there is time on the clock, he/she continues by making ANOTHER SHOT FROM spot #5, then to #4 ,and so forth.

Each shooter will receive one point for each successful, legal 3-point shot made within 60 seconds. After the clock expires, please report your score at the scorer's table *If you did well, please stick around in case of a tie, there will be a "shoot-off" if necessary.*
